

## **Advisory**

### **Canadian Northern Prawn Trawl Fishery Shrimp Fishing Areas 5, 6, 7, 13, 14, 15**

#### **Amendment to Annual Surveillance Audit Schedule**

Due to the availability of key people involved with the management of the above fisheries the site visit associated with the above fishery will take place in late August or September for the remaining 4 annual audits. Notifications on the actual audit visit dates will be posted prior to each visit. The audit report will be submitted to the MSC 30 days after completing the audit.

This extension has the agreement of Moody Marine and the MSC.
