certification for the marine environment

## **Advisory**

### **Canadian Northern Prawn Trawl Fishery Shrimp Fishing Areas 5, 6, 7, 13, 14, 15**

### **Delay of First Annual Surveillance Audit**

Due to the availability of key people involved with the management of the above fisheries and in order to assist in the aims of harmonisation of another MSC assessment of a shrimp fishery, part of which includes shrimp fishing areas 5, 6 and 7, the site visit associated with the above fishery will take place the week beginning 31<sup>st</sup> August 2009. The audit report will be submitted to the MSC 30 days after completing the audit.

This extension has the agreement of Moody Marine and the MSC.
