

**Alaska Fisheries Development Foundation
Alaska Salmon Fisheries**

**Marine Stewardship Council Certification – Surveillance Audits
Certification Body: Moody Marine Ltd**

Surveillance Audit Site Visit

Moody Marine Ltd, on behalf of the Alaska Fisheries Development Foundation, will be making their surveillance team available to meet with stakeholders on 27th and 28th May 2010 in Anchorage, Alaska.

MSC certification requires annual surveillance audits of all certified fisheries. These audits have two principal functions:

1. To review any changes in the management of the fishery, including regulations, key management or scientific staff or stock evaluation
2. To evaluate the progress of the fishery against any Conditions of Certification

Owing to the delay in the confirmation of the Alaska Fisheries Development Foundation (AFDF) as the new clients the annual audit for the period 30th October - 29th October 2009 was delayed. The surveillance team - Greg Ruggerone and James Brady – will therefore be undertaking both the delayed annual audit as well as this year's scheduled audit.

Should you have any information on this fishery that you feel should be considered for the two audits and /or you would like to arrange a meeting, please advise us of:

- a) your name and contact details
- b) your association with the fishery
- c) the issues you would like to discuss

Please email or fax these details to Paul Knapman – p.knapman@moodyint.com Fax No. 1 902 422 9780 and we will follow up with you.

May 2010
