

**At-Sea Processors Association
Bering Sea and Aleutian Islands Pollock Fishery
Marine Stewardship Council Certification**

Certification Body: Moody Marine Ltd

RE-ASSESSMENT VARIATION – EXTENSION OF EXISTING CERTIFICATE

The MSC and Moody Marine Ltd have received notice of an objection to the determination to re-certify the BSAI pollock fishery. The MSC have therefore invoked their objections procedure. The date of the existing certificate is set to expire on 30th September. In order to accommodate the objection process the MSC have agreed that the certificate will remain valid until the objection process is complete.
