certification for the marine environment

## **Advisory**

### **GSGSSI PATAGONIAN TOOTHFISH LONGLINE FISHERY**

#### **MSC Certification Certification Body: Moody Marine Ltd**

#### **Delay to production of Third Surveillance Audit**

As in previous years, and due to unavoidable commitments, the team for the above fishery surveillance audits have not been able to complete the surveillance report by the due date. To allow time for the team to adequately review the available information and produce their reports, the deadline for Moody Marine to submit the surveillance report to the MSC has been extended to 31 May 2007.

This extension has the agreement of Moody Marine and the MSC.

Any questions relating to this should be communicated to Andrew Hough, the Lead Assessor, at the address below or on [ahough@moodymarine.com](mailto:ahough@moodymarine.com).
