MSC 2009 ANNUAL SURVEILLANCE
Australia Mackerel Icefish
Advisory

Scientific Certification Systems, Inc., Emeryville, California, USA will be conducting the 2009 annual surveillance audits of the HIMI Mackerel Icefish fishery for continued compliance with the Marine Stewardship Council requirements. The surveillance audit meetings are being scheduled to be held in Hobart (Tasmania) between 24 March and 26 March 2009, with the ability for stakeholders to meet with SCS during the visit or to provide input to SCS through 23 April 2009 by other means.

Any parties (individuals or organizations) interested in providing input to the annual surveillance process, contact SCS and provide:

- a) your name and contact details;
- b) your association with the fishery; and
- c) the issues you would like to discuss (in order for us to arrange appropriate representation).

SCS will contact you to discuss how best to proceed to include your input in the annual surveillance process.
