MSC 2010 ANNUAL SURVEILLANCE
Lakes & Coorong Fishery of South Australia

Scientific Certification Systems, Inc., Emeryville, California, USA will be conducting the 2010 annual surveillance audits of the Lakes & Coorong fishery for continued compliance with the Marine Stewardship Council requirements. The Lakes & Coorong fishery was certified by Scientific Certification Systems, Inc. (SCS) in 2008 following a full assessment of the fishery using the Marine Stewardship Council (MSC) standards and certification methods.

This 2nd surveillance audit meeting is scheduled to be held in Adelaide, Au on 28 May 2010. This annual surveillance will review any changes in the management of the fishery, (including regulations, key management or scientific staff or stock evaluation), and to evaluate the progress of the fishery against any Conditions of Certification raised during the Main Assessment.

Any parties (individuals or organizations) interested in providing input to the annual surveillance process, contact SCS and provide:

- Your name and contact details
- Your association with the fishery
- The issues you would like discuss (in order for us to arrange appropriate representation).

Provide comment no later than 1700 PST on 4 June, 2010. SCS will contact you to discuss how best to proceed to include your input in the annual surveillance process.

Information on this fishery can be found [here](#).
