

Clyde Nephrops Creel Fishery

Marine Stewardship Council Certification

Advisory: Revised Timescale

A notice advising of changes to the report structure, title and timescale for the assessment of this fishery was issued in May 2010. The timescale was further revised in November 2010.

This notice advises of a further change to the timescale for this assessment. The revised timescale is set out in the table on page 2 of this notice.

Stakeholders are advised that the assessment team has considered the latest information on stock status for this fishery and has been involved in dialogue with the client. This has resulted in a delay in progress.

Moody Marine seeks to maintain its dialogue with all organisations or individuals with a direct interest in this fishery. Any individuals wishing to nominate other organisations/individuals as stakeholders or to provide comments or information to the assessment process (in terms of the status of the stock, ecosystem interactions or fishery management practices) is invited to contact Moody Marine.
