Dear Jodi

MSC Assessment: CVO (Cooperative fishery organistaion) North Sea (ICES IVa, b, c) plaice and sole fisheries using trawl and seine. Changes to Unit of Certification (UoC)

CVO asked to revise the UoC for this group of fisheries. TAB 10 states that 'It should be noted that the unit of certification is to be determined at the start of the assessment'. An appropriate advisory was sent to MSC on 17 Dec 2010. MSC granted the variation on 23 Dec 2010.

CVO have subsequently realised that the deleted UoCs are still necessary and request that the UoCs be reinstated.

MML request a variation to make these changes on behalf of the client.

Yours Sincerely

Jason Combes
