

**Hastings Fleet Dover Sole and Pelagics Fisheries  
MSC Certification**

**Certification Body: Moody Marine Ltd**

**Stakeholder Consultation  
Second Consultation Period**

We are now entering the next stage of the assessment of these fisheries against the MSC *Principles and Criteria for Sustainable Fishing*.

The assessment team has now prepared the Scoring Indicators and Scoring Guideposts we will use to evaluate these fisheries against the MSC Principles and Criteria. With this message are guidance on how these Indicators are applied and the full text of the Indicators and Guideposts. We welcome any comments on the appropriateness of these Scoring Indicators and/or Guideposts in relation to these fisheries. **Your comments are welcomed, in the first instance, up until 16 April 2004.** We would, of course, be available to discuss these during any future meetings.

Should you wish to obtain further information on the Marine Stewardship Council, this is available on their web site at <http://www.msc.org>. As a certification body, Moody Marine Ltd has dispute resolution procedures available should these prove necessary.

Yours
