CVO Dutch North Sea brown shrimp

Marine Stewardship Council Certification

Certification Body: Food Certification International Ltd

Notification of Name/Client Change

Food Certification International Ltd would like to announce that, for the purposes of MSC Sustainable fisheries assessment, certification and surveillance, the **North Sea Brown Shrimp** fishery shall henceforth be referred to as the **CVO Dutch North Sea brown shrimp** fishery.

All hyperlinks and web locations on the MSC website shall remain the same and this change will not materially affect any part of the assessment itself.

Any reference made to the **North Sea Brown Shrimp** fishery within any document downloads should be considered as referring to the **CVO Dutch North Sea brown shrimp** fishery.

This change is being put in place for the sake of clarity in the context of potentially similar fisheries entering assessment alongside this one.

Please note that this change also reflects a change in client for this fishery assessment. The original client was **Stichting van de Nederlandse Visserij**, but they have been replaced by **Coöperatieve Visserij Organisatie (CVO)**.

Comments should be sent to:

Melissa McFadden - Fisheries Assessment Coordinator
