Hoki (*Macruronus novaezelandiae magellanicus*) Industrial Bottom & Semi-pelagic Trawl Net Fishery in the Argentine Sea

Assessment Team Selected for Full MSC Assessment

Organización Internacional Agropecuaria S.A. (OIA) is currently undertaking the assessment of the Hoki Industrial Bottom & Semi-pelagic Trawl Net Fishery in the Argentine Sea against the Marine Stewardship Council Principles and Criteria for Sustainable Fishing.

There has been a delay on the Assessment Team Proposal and the reasons on this issue were due to a health problem of a member of the Assessment Team. The Team has been reinforced.

OIA has selected a team of six (6) expert advisors with knowledge of the stock assessment, ecosystem impacts and management framework applicable to this fishery. Team members are to be:

Dr. Leszek B. Prenski – Principle 1, 2 and 3

Dr. Edgardo E. Di Giacomo – Principle 1 and 2

Dr. María R. Perier– Principle 1 and 2

Dr. Carolina V. Minte-Vera – Principle 1 and 2

Lic. Miguel A. Rey Sosa – Principle 1 and 3

Lic. Marcelo L. Morales Yokobori – Principle 3

Lead Assessor: **Ing. Pedro A. Landa**

Full Team Member CVs are available. Your comments on this issue are welcomed until **12th September 2010**. Additional inquires about the certification process may be sent to:
