SARPC toothfish fishery: Notification of change to target eligibility date

The Certification Body, MacAlister Elliott and Partners Ltd., announces a change to the target eligibility date for the above fishery as follows:

The SARPC toothfish fishing season is set to commence in September 2011. It is therefore proposed that the target eligibility date should be changed so that product caught during this fishing season is eligible to carry the MSC logo. The new target eligibility date will therefore be the 1st September 2011.

All stakeholders who have comments on this change are encouraged to contact Chrissie Sieben at MEP or Dr. Jo Gascoigne.
