**13<sup>th</sup> December 2010**

**Notification of change to Timeline for the SARPC toothfish fishery**

MacAlister Elliott and Partners Ltd. (MEP) is undertaking the full MSC certification assessment process for the following fishery:

Fishery for toothfish (*Dissostichus eleginoides*) in the TAAF EEZ (around the Kerguelen and Crozet islands) conducted by members of SARPC.

Initially, the timeline submitted by the MEP team indicated that the scoring of this fishery would take place during March 2010. However, due the requirement of a stock evaluation, of which the results were received during November 2010, the scoring is now scheduled to take place from January 2011 onwards.

A revised timeline has hereby been submitted.
