HOW YOU CAN BE WILD ABOUT YOUR COMMITMENT TO SUSTAINABLE SEAFOOD

Sourcing sustainably is considerable investment and one we think your customers should know about. Sustainable sourcing and traceability is shown to increase the trust your customers have in your food offering. We hope that this book of inspiration gives you the tools to communicate the benefits of MSC certified products you offer on your menus. This is not intended to be prescriptive and messaging should always be adapted to fit with your own brand positioning and messaging. MSC should be an integral part of your brand offering and add independent third party verification to the claims that you make about the sustainable seafood you offer on your menu. All of the following design assets are available as artwork files on the MSC multi-media library. Please ask your MSC account manager for more details.

THANKS TO THE FISHERS, RESTAURANTS, PROCESSORS, BRANDS, SUPERMARKETS AND EVERYONE WHO LOVES

CAMPAIGN THEME

We've been helping to keep it wild for 20 years.

Because wild is important. Wild is exciting.
And it's the way seafood should always be.

But we haven’t been doing it alone.

Our oceans are healthy and our stomachs
are happy thanks to our fishermen.

And everyone with wild, traceable,
sustainable seafood on their plates.

So here’s to you. For the love of seafood
today, tomorrow and always.

Let’s...

CAMPAIGN ASK

(for MSC, its partners and the consumers
who shop for seafood from our oceans)
CAMPAIGN SIGN-OFF

When using the call to action, ‘choose the blue fish’ it can be used in these three variations. The blue fish symbol should also remain blue, but the type can change, either blue or white depending on imagery and flat colour.

If the word ‘wild’ appears as part of the headline, then the sign-off doesn’t need to include ‘keep it wild’.
**TYPOGRAPHY**

Our set of typefaces all have character and vibrance to help convey the campaign message.

When talking about wild, imagery of oceans and fishing helps to add context for the consumer. It can help consumers connect their lives (and plates) to the deep blue oceans we’re trying to take care of.

A range of images are available on the MSC multi-media library. At MSC, we like to show the “People who choose MSC”, from the fishermen in MSC certified fisheries, to the chefs who enjoy using wild sustainable seafood in their dishes. MSC is happy to help you source suitable imagery from MSC fisheries for your marketing needs.
WHAT TO SAY

Making the theme work in different languages and markets is important. MSC sustainable seafood is available all over the world and the theme will need to be adapted to keep it relevant and meaningful. Your local office will advise on this but the principles of transcreation are outlined below. Use this as a guide for copy related to the campaign message across all media and uses.

**KEEP IT WILD**

The sentiment could be translated into non-English language as follows:

- **Always Wild**
- **Stay Wild**
- **Keeping Our Oceans Wild**
- **Our Oceans Forever**
- **Seafood For Future Generations**

Sustainable and a reference to our timeline

From our oceans

The word “Wild” does not translate well in some languages – if this is the case, use a description of the natural environment which communicates the awe and inspiration of the wild oceans that we seek to conserve.
WHAT TO SAY AND HOW TO SAY IT FOR LOCAL MARKETING

Here are some examples of how the theme can be expressed in different languages and in different market conditions (with and without “wild” as the consumer benefit). Copy should always remind consumers of the link between peoples lives and plates and the deep blue wild oceans.
Here are a selection of additional copy ideas to convey the campaign message further in restaurant environments, making MSC relevant to your menu. Go wild and feel free to play with the typography.

Using the MSC Style with Your Own Brand

When creating messaging which includes MSC, there are different levels of integration that you can use, which should work with your own branding. You can use as many of the MSC elements as you wish to complement your own style.

Level One Messaging
Using the MSC ecolabel, the MSC claim and your own style.

This template is part of your own branding. The minimum requirement is the ecolabel inclusion and sustainable headline, which should be approved by your MSC account manager.

This template is part of your own branding with the inclusion of our photography and includes the “choose the blue fish” device. The device is flexible and can feature anywhere on the page.

CUSTOMER MAGAZINES

You can run a sustainable seafood focus in your customer magazines. Include a recipe from your top chef or an article about a certified fishery that you source from. Ask the MSC team for more details.
Don’t forget to tell your customers about your wild sustainable ingredients through your online channels.
INTERNAL STAFF RELATIONS AND EDUCATION

It’s important that your staff are informed and ready to answer questions about your seafood sustainability commitment. MSC have staff training videos and information sheets which can help train key staff or sustainability champions (we call them “Wild Ones”) within your business. Please talk to your MSC account manager about your needs and ambitions.

Badges
Simple staff badges can reward your staff for knowing a little more about your seafood sustainability. You can download ready-made artwork from our multimedia library.

Magazine articles
You could run an article in your staff magazine about your sustainable fisheries that you source products from (MSC have many ready-made articles and images) – or treat your staff to a lifetime experience to visit a sustainable fishery and write a report for the rest of your staff.
