

HEALTHY OCEANS READING CHALLENGE

Marine Stewardship Council

The Marine Stewardship Council (MSC) is a global nonprofit working to end overfishing.

Mark a square for any book read this summer. Submit your successful “BINGO!” (five consecutive squares in any direction) to OceanBooks@msc.org by September 1, 2026 for a chance to win a prize (\$200 value).

Character visits the ocean	Healthy fish populations	Ocean-dependent community	Fishing family	Quirky sea creature
Learned an ocean fun fact	Women in fishing	Scientist at sea	Surprise encounter in the ocean	Shared seafood meal
Journey at sea	Coastal setting	FREE SPACE	Learned a seafood fun fact	Balance with nature
Seafood market or fishmonger	Ocean myth or folklore	Protecting marine life	Generations of fishing	Deep sea adventure
Seafood from around the world	Storm at sea	Ocean to plate journey	Character tries a new cuisine	Ended with ocean optimism

Choose sustainably fished seafood.

When you choose wild, MSC certified seafood, you're helping support a healthier ocean for the future.
